

Integrated Engineering Solutions

CNC Precision Machining

With over 40 years' engineering and manufacturing experience, specialising in **precision machined components** with internal engineering capabilities, McGreevy Engineering is your partner of choice.

Delivered through our investment in 5-axis milling, multi axis turn mill machine tools and technical software solutions.

CNC Precision Machining

Our dedicated highly-skilled team utilise advanced manufacturing technologies to deliver **service excellence and cost benefit**, through the breadth of processes at our Belfast facility.

With the capability to support rapid response, prototypes and high/low-rate production, coupled with our partnership approach, McGreevy Engineering exemplifies **integrated engineering solutions**.

Our Story... Heritage

McGreevy Engineering has been one of Northern Ireland's leading engineering companies for over **40 years**.

First established by Ignatius McGreevy in 1980, the company built a reputation for quality products and services within the supply chain of some of Northern Ireland's largest manufacturing businesses.

Ignatius' son, Aaron took over the helm as Managing Director in January 2018, creating the next chapter for the business.

McGREEVY ENGINEERING

Complete Quality Control

Our Story... Investment & Growth

Through this heritage, McGreevy Engineering's commitment to continuous improvement has established innovation and a focus on technical excellence.

The company's growth has developed through engagement in new markets and sectors. Broadening our horizons has enabled order **growth and expansion** into sectors such as aerospace, both structural and interiors.

Quality Products & Services

Market Sector Profile

Aerospace

The image shows the interior of an aircraft cabin, looking down a long aisle. Rows of grey seats with blue headrest covers are visible on both sides of the aisle. The overhead luggage bins are closed.

Defence & Security

The image shows several missiles or rockets mounted on a launch system, silhouetted against a bright orange and yellow background, possibly a sunset or sunrise.

Power Generation

The image shows a close-up of a white wind turbine blade against a dark blue background.

Pharma

The image shows a white, cup-shaped medical mask being held by a gloved hand against a dark background.

Automotive

The image shows a close-up of a car's wheel and tire, with a black plastic wheel arch liner visible.

Ship Building

The image shows a large yellow shipbuilding crane on a ship's deck, with a red and white funnel in the background.

Electronic

The image shows a close-up of a circuit board with various electronic components, including resistors and capacitors.

Oil & Gas

The image shows an offshore oil and gas platform in the middle of the ocean, with a large crane and various structures on the platform.

Customers & Approvals

Quality & Service Excellence

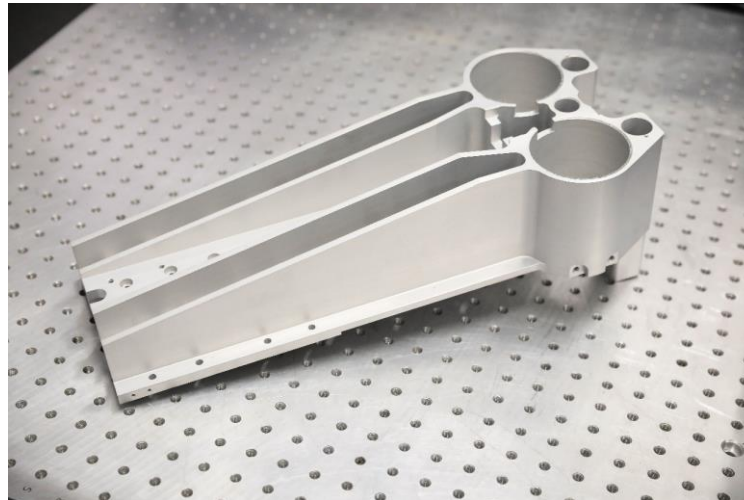

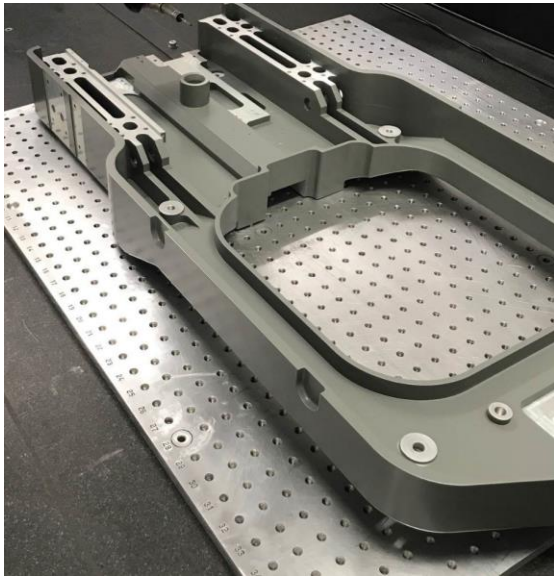

-  Certified to **AS9100 Rev D**
-  Certified to **BS EN ISO 9001: 2015**
-  **ADS SC21 Silver Award**

Engineering Solutions

Machine	5-AXIS
Material	Aluminium, Inconel, S/S
Billet Size	X – 1600mm Y – 700mm Z – 1000mm

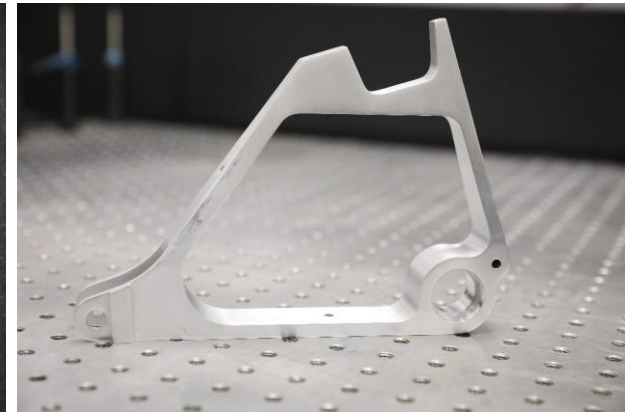

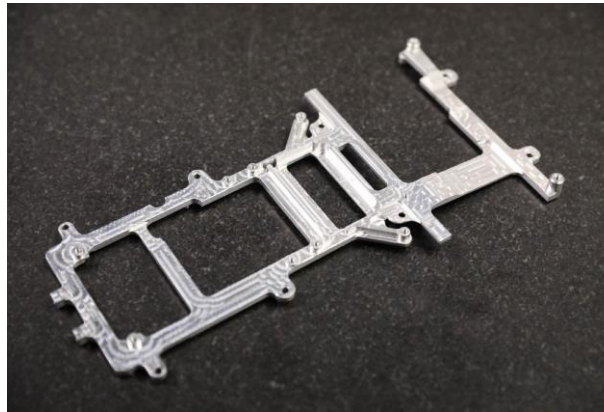

Engineering Solutions

Machine	3-AXIS MILLING
Material	Aluminium, Inconel, S/S
Billet Size	X – 1500mm Y – 740mm Z – 670mm

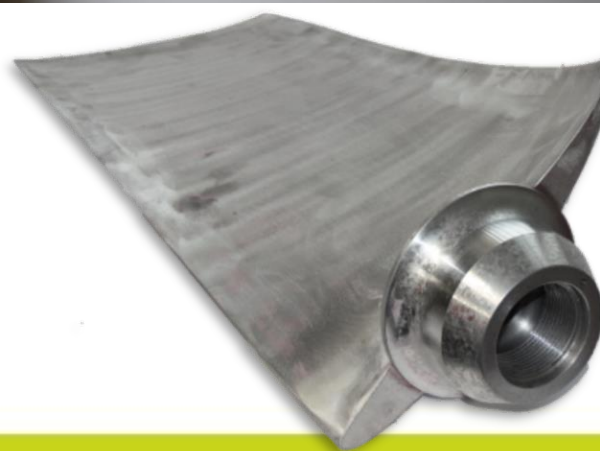

Engineering Solutions

Machine	3 & 5-AXIS MILLING
Material	Aluminium, Inconel, S/S
Billet Size	X – 1500mm Y – 740mm Z – 670mm

Engineering Solutions

Machine	TURNING
Material	Aluminium, Inconel, S/S
Billet Size	X – 500mm Z – 2000mm

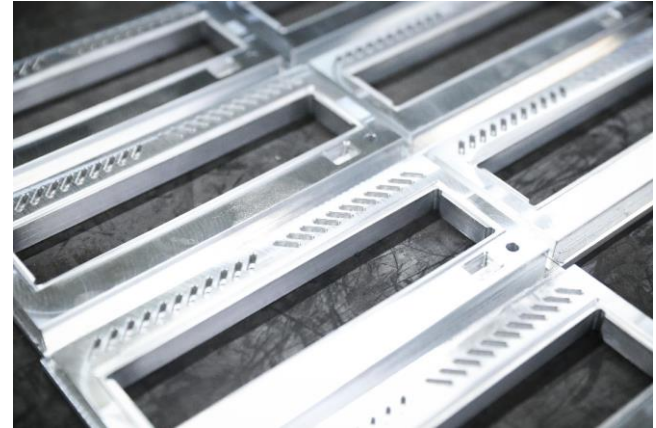

Integrated Services

Supplementary Internal Services;

- ⚙️ Assembly
- ⚙️ Fabrication
- ⚙️ Design & Build of Special Machines

Services Provided by Strategic Partners;

- ⚙️ Wire / Spark Eroding
- ⚙️ Auto Machining
- ⚙️ Treatments
- ⚙️ Material Supply
